The woman who gave birth to me with wonder and fear

The man who was a father and saw corpses

Left in me dirt when I was 7

Hot cigarettes and back hand slap

Like mothers shriveled genitals

The feeling of being ripped and crushed

The feeling of break of dawns phlegm

Disgusted by uncle's 100 note as new year gift

Spit in the religious teachers glass of water

Only sweet tea for the morning and potatoes for the evening

Ashamed of the kickers on my brothers feet

Broken look on my sisters glasses

Regret for blowing the birthday candle

Scratching crotch on purpose

Complex about beard, mustache, Gillette blade

I feel like being Jean Valjean for Cosette

The tight line from underpants of the seventies

Teasing love due to a lot of pain

By the elderly in a assembly gathering with lyrics from cholera

thousand and a thousands hope to be healed

The sacred authorities holy wind

Time of lust due to homosexuality and adultery

In a room the size of a toilet

A toilet , empty space and a rapture in Gods thoughts

Chorus:

Life is without a meaning

Life is just that

Being played like a piece (game piece)

Just like the walking dead

The smelly socks of a girl on her period

A punched imagine in the mirrors face

Breaking Farhad's audio CD

Hating the picture and voice of Hayedeh

Spitting on Shamlou's poetry, it recalls repeated memories

I think that radiated pulse paralyzes

The blind eye of the sleeping donkey

The color and geometry of Picasso

The only thing missing like Aydin Agdashloo

A repeat of melodies with rope

Rhyme a sonnet of love fantasy

My sexual pleasures with a cow

Translating "balls" to English becomes LOVE

A secure homeland for dying

Bitterly disappointed in the past

The rapper is ridiculous

Lost in our fantasy, without me

Discoverer of the element of pain and explosion

Finally an absurd suicide novel
