Bitch you ripped my heart in two,  
I was everything and more to you!,  
You threw it back in my face,  
Here bitch have your space,  
I was kind and generous,  
Treated you like a fucken princess,  
I gave every thing I had to you,  
You threw it back in my face,  
Here bitch have your space,  
I gave up my pride for you,  
I shouldv'e saw it coming,  
I didn't pay attention to the signs,  
Bitch you crossed the line,  
I loved you so much,  
Something you'll never be able to see,  
Took a piece of you inside of me,  
You jerked me around for so long,  
Time to sing your goodbye song,  
You lied again and again,  
Now let the torture begin,  
I don't love you any more.  
Die you fucking whore,  
You better beg for forgiveness,

Heartless bitch!
