Don't call me weak, turn your back walk away
Now incomplete, we evolve worlds of change

Waves of angst well up inside me
Not your brother put behind me

Move on, out of my face
I must move on, there's no time to waste

Look at me now, ignore your bluff, it's enough
Someday somehow, ignorance turns to dust

Found new strength and new found power
Pride and passion never sours

Move on, now seize the day day
I must move on, there's no time to waste
You must move on, hurt and betrade
I must move on, I can Feel Your Pain

I can fell your pain
I can feel your pain
I can feel your pain
I can feel your pain

I can fell your pain...
