Look into my eyes deep
See me
Soul into a soul reeps
Feel me

Not what you expected, you can't reject it
Now that luck is turning
No use pointing fingers, the puppet lingers
The guilt is overwhelming

Know the evil in you
Love me
On the hearts of the weak
I feed

Hatred makes you stronger and as you falter
I become controlling
Give into your anger, I will not swagger
I will carry you through

Shades of black, stabbed in the back
Born of lies and deceit

PRIDE ENVY GLUTTONY LUST ANGER GREED SLOTH

Look into my heart black
Beating
Cold as ice and will crack
Cheating

Lies to cover more lies, and cover your cries
It seems it's never ending
Memory is fading, the lies are aiding
The blackness your befriending

Under handed belief
Sermon
Transformation complete
Demon

Now you're taking over, precise and covert

A meaning to an ending
Learning lessons to well you take me to hell
The blackness that your ending

Shades of black, stabbed in the back
Born of lies and deceit

PRIDE ENVY GLUTTONY LUST ANGER GREED SLOTH
