(verse three-diddy)

Londonpariswhere we goin next shit
I dont know what planet would you suggest?
Wherever we go you just bring a lil dress
And iÂ'll just take care of all the rest
I feel like affection im givin you the best
I underestimated im the greatest one left
So if you ready to fly you beta take a deep breath
I put you in the sky and take yo heart up out yo chest
Now yo got me goin in...we can sit up n da sun until yo

Now what yo really know about ownin a big plane
Landin on the auto bars poppin champaign..aint dat a
damn shame
Come on
(bridge)

I wanna feel all I can feel
I wanna love I know is real
I cant believe this is happenin to me
Baby right here is here I wanna be....oo

Now the funny thing is dat the world stops spinnin when

Wherever we go yo jusbring a lil dress
And iÂ'll just take care of all the rest(dirty money come

(can you ge me off)baby can you get me off
