Taking my mind away off things that makes me blind  
Now I can't even sleep when I'm drunk  
But I'm feeling just fine, you see to me its not so bad  
Dreaming away back home

But I wonder why you keep picking from the food box  
Seems so strange to waste your life that could bring so  
much  
Blinded by fake you rush right into the failure trap

Bitter blood reveals  
You keep kissing the strings of hope  
You pray to keep them warm  
But somehow you always wake up cold

But I wonder why you keep picking from the food box  
Seems so strange to waste your life that could bring so  
much  
Blinded by fake you rush right into the failure trap

Bitter blood reveals  
You keep kissing the strings of hope  
You pray to keep them warm  
But somehow you always wake up cold

I know its hard to break away from here  
But you've got to lean on dreams to make them real  
Money ain't all that counts when the day is done

Harmony is not something you buy  
But keep on raping yourself you fake  
You ain't got the guts to change  
Poison yourself cos you're scared to loose, what!

But I wonder why you keep picking from the food box  
Seems so strange to waste your life that could bring so  
much  
Blinded by fake you rush right into the failure trap

Bitter blood reveals  
You keep kissing the strings of hope  
You pray to keep them warm

But somehow you always wake up cold
