Street fighting saviors
Flashes down the street
Got my mind on the favors
So damn hard to make ends meet

Way above the action
Next to a liars mind
Trying to build some attraction
I guess it?s hard to find

Don?t take it for granted, I can see through you
I ain?t got the answers but I got plans for you
Don?t take it for granted, I can see through you
I came empty handed but I?m never falling through

Shivers down my backbone
Need to hitch a ride
Spaced out and on my own
Sometimes it?s hard to hide

Don?t take it for granted, I can see through you
I ain?t got the answers but I got plans for you
Don?t take it for granted, I can see through you
I came empty handed but I?m never falling through

Don?t take it for granted, I can see through you
I ain?t got the answers but I got plans for you
Don?t take it for granted, I can see through you
I came empty handed, never falling through

No, I never falling through
And I can see through you, yeah
