Demon rising slowly
Or is it all in my mind?
A reflection twisted
He knows me all too well

A face in the mirror
A man I do not know
Hopes and aspirations
A thousand broken promises

Fear is growing slowly
It's drowning, killing my soul
Waiting, contemplating
The demon is reborn

A face in the mirror
A man I do not know
Hopes and aspirations
A thousand broken promises

A face in the mirror
(In the mirror)
A man I do not know
(Do not know)

Hopes and aspirations
(A thousand)
A thousand broken promises
