You've been down this road before
Heard this story a thousand times or more
With a cynical bitter stare
You watch your life go by bye, bye

Young man with an old soul
Open your mind, don't close that door

No matter how high you climb
It's never high enough
Can't enjoy the moment, no
Never satisfied with what you got

Young man with an old soul
Open your mind, don't close that door

Young man with an old soul
Open your mind, don't close that door

Don't close that door
Don't close that door
Don't you close that door
