Woh oh oh oh oh oh oh
Woh oh oh oh oh oh oh

How can you mend this broken heart tonight
I dreamed about you for so long but time goes by
I was so young and you have always been so strong

You are a hero, boy or only a man
But day by day I learned the game you like to play
But without you I couldn't stay you were so strong

Can you feel me
Woh oh oh oh oh oh oh
Can you feel me
Tell me the truth
Can you feel me
I want to fall the rest of my life

In the name of love
Everybody has his power
In the name of love
Every minute every hour
In the name of love
For the past and for the future
In the name of love
Woh oh oh oh oh oh oh
Woh oh oh oh oh oh oh

Hey

How can you mend this broken heart tonight
I've never been... of love but I can change
Because I fall in love again seeing your smile

You are a hero, boy or only a man
But day by day I learned the game you like to play
But without you I couldn't stay you were so strong
