I lose sleep, I lose sleep  
Too much I've seen  
And I weep, yes, I weep  
Cut your lips upon her body

Didn't I, didn't I, didn't I, didn't I treat you right?

If I was so gone, why didn't you say?  
You keep me waiting by  
On the floor, you know I'd crawl  
Just to change your mind  
If I lock the door just to stall you for a moment  
I won't get you, even if I tried

Didn't I, didn't I, didn't I, didn't I treat you right?

I'm just another girl, another one  
I'm just another girl, another one  
I'm just another girl, just another one  
I'm just another girl, looking for love

I'm just another one of your experimentation  
You can turn me out, but I'm just another girl

I'm just another girl, another one  
I'm just another girl, another one  
I'm just another girl, just another one  
I'm just another girl, looking for love

I lose sleep, I lose sleep  
Too much I've seen  
And I weep, yes, I weep  
Cut your lips upon her body, oh

Didn't I, didn't I, didn't I, didn't I treat you right?

I'm just another girl, another one

I'm just another girl, another one  
I'm just another girl, another one  
I'm just another girl, looking for love  
I'm just another girl, looking for love  
I'm just another girl, looking for love  
I'm just another girl, just another one
