Gotta fire inside my soul
Let it burn and let it glow
Gotta fire to call my own
Freedom's mine to hold

Gotta fire and bide my time
Praise the Lord and I'll find out
Hold on and blow my mind
Freedom's one more fight

3000 miles from home
Gotta a gun to call my own
Ain't no religion here
Gotta fire, Lord I got a fire now

Gotta letter from my home
Didn't know my mind was blown
Gotta get the feelin' back
Gotta fire, Lord got a fire now

Gotta light inside my soul
Let it burn and let it glow
Gotta cause to call my own
Gotta fire, Lord got a fire

Freedom's lost its [incomprehensible]
Ain't got no love in here
Gotta job [incomprehensible]
Gotta fire Lord I got a fire now

Sometimes you know it ain't right
Get the car to get it right
Ain't no religion here
Gotta fire Lord I got a fire now

Gotta fire inside my soul
Let it burn and let it glow
Ain't no religion here
Gotta fire Lord i got a fire
