No good to have lots of beautiful things
Because I'm scared to lose them
But... I want you, I want you, I want you
Even if you love someone else
I don't care if you don't know why the clear sky is blue
But I want you to know

Why my cheeks are pink...

Darlin', darlin' please come here my baby
Can't you see? Yes, it's me
Darlin', darlin', don't you remember those kisses
You got to remember
Darlin', darlin' fed up with your profile, look at me
Please look at me

I hope all the buildings and streets in this world
Will explode and be gone
Because if there is nothing, then I can find you easily

There is no god
Because I prayed and prayed to him
My heart would touch you
I've prayed, I've prayed

Darlin', darlin' please come here my baby
Can you see? It's me
Darlin', darlin' what happened that day
You can forget I don't care
Darlin', darlin' everything in my mind
Is it just an imagination?

I see you're walking towards me
I tell myself don't be shy and don't look away
Without my action nothing's gonna change
I don't need a filter in my heart

Darlin', darlin' can I come close to you?
And can I talk to you?
Darlin', darlin' can I hope you'll love me?
But if you say "No!" I will love you
