Christmas time is here, it's a jolly good time of the year  
People somehow know, with the Christmas spirit they  
show

Sleigh bells in the snow, everywhere you go  
People having fun, 'cause it's a merry time of the year  
A jolly good time of the year

'Cause we're all just like children, With our own  
Christmas tree  
Singing yuletide carols, now that's Christmas to me  
Another year gone by, New Year's almost here  
Merry Christmas all, and a happy, happy New Year  
A jolly good time of year

Sleigh bells in the snow, everywhere you go  
People having fun, 'cause it's a merry time of the year  
A jolly good time of the year

We're all just like children, come that one special day  
Giving gifts just like children, ain't that the Christmas  
way  
Another year gone by, New Year's almost here  
Merry Christmas all, have a happy, happy New Year  
A jolly good time of year  
It's the only time of the year

Happy, jolly, yummy time of the year  
Happy, jolly, yummy time of the year  
Happy, jolly, yummy time of the year  
Happy, jolly, yummy time of the year
