Here we go!
Sharp shock double stop drop D
This here is Rock & Roll can't you see
Gonna take you on a wild ride tonight
All the way to the other side tonight

Feel the beat!
Ride on!
I can play guitar all night
I've got the power
Got the action
Got the attraction
It's a roaring Rock & Roll show
Do ya feel it?
Well this here guitar is gonna steal it

We've got to turn it up
We've got to burn it up
Break the beat of insanity
Music is a revelation

We've got to turn it up
We've got to burn it up
Gonna start a revolution

Way to go
