My timing was perfect
My timing was perfect

I've been asleep for only hours
It feels like it's four years
Who are these people?
Where did they come from?
How did I get here?

I dreamt up something beautiful
We all need something beautiful
I know something beautiful
But she is not here

Not here, no, no
Not here, no, no
Step back

Yeah, my timing was perfect
My timing was perfect
My timing was perfect
My timing was

I've been asleep, you knocked me out
Why won't you let me in?
Who are your new friends
Where did they come from
How did you get here?

I dreamt up something beautiful
We all need something beautiful
I know something beautiful
But she is not here

Not here, no, no
Not here, no, no
Stand back

Yeah, my timing was perfect
My timing was perfect
My timing was perfect
My timing was perfect
