The green lights line up for miles  
You'd think we were on our way  
And don't think that tonight  
Won't be the same

I know that we have lost  
The things that we once had  
And it's not you who changed  
Or how things worked out in the past

I can't remember the last time I forgot you  
The pedal hasn't seen the sky until now  
I can't remember the last time I forgot you  
I can't remember the last time I forgot you  
The pedal hasn't seen the sky until now  
I can't remember the last time I forgot you

I can't remember the last time I forgot you  
The pedal hasn't seen the sky until now  
I can't remember the last time I forgot you  
I can't remember the last time I forgot you  
The pedal hasn't seen the sky until now  
I can't remember the last time I forgot you
