Is that really you?
Could you be standing there?
Please send a perfect line to catch me
In a lie and take me where

I cannot defend what I was trying for
Or dying for by wishing this would end

Please don't say anything
'Cause only when my eyes are closed
Do you feel this close to me?

Do you feel scandalous?
Running fingers through my hair
Knowing inside if I was not there

You'd be somewhere else
With somebody else
You fell for less just like I fell for you

Please don't say anything
'Cause only when my eyes are closed
Do you feel this close to me?

It's not who you are
It's who you know
It's not who you are
It's who you know

It's not who you are
It's who you know
It's not who you are
It's who you know

It's not who you are
It's who you know
It's not what you are
It's just what shows

It's not where you are
It's who you're with
It's not when you're here

It's what you've missed
