Lay down low  
No one can see you  
When you close your eyes  
Just close your eyes

We both know  
You can't hide forever  
You can try  
You can try

Go go  
Keep moving faster  
Don't stop for anyone  
You're on your way  
Now break away

When you  
(When you)  
Get there?  
Who's gonna bring you back?  
Who's gonna bring you back  
To me to where you're running?

When you  
(When you)  
Get there?  
Who's gonna bring you back?  
Who's gonna bring you back  
To me to where you're running from?

Everywhere you go I'll be there  
Every time you know I'll be  
Everywhere you go I'll be there  
Every time you know I'll be everywhere

Go go  
Keep moving faster  
Don't stop for anyone  
You're on your way  
Now break away

When you

(When you)  
Get there?  
Who's gonna bring you back?  
Who's gonna bring you back  
To me to where you're running?

When you  
(When you)  
Get there?  
Who's gonna bring you back?  
Who's gonna bring you back  
To me to where you're running from?

You can't hide, from this love  
You can't hide, from this love

You can't hide from this love  
You can't hide from this love

You can't hide  
(This love)  
You can't hide  
(This love)

You can't hide  
(This love)  
You can't hide  
(This love)

Go go  
Keep moving faster  
Don't stop for anyone  
You're on your way  
Now break away

Go go  
Keep moving faster  
Don't stop for anyone  
You're on your way  
Now break away

You can't hide, from this love
