## "The Only Thing That Matters"

Soft trace of your fingertips  
The round shape of your pressed lips  
Why can't this be easier for me?  
Why don't you?

Why don't you step a little closer, closer?  
And we'll show you how to make your heartbeat  
Why don't you dance a little closer, closer?  
And I'll spin you around  
Your heels will never touch the ground

I thought we went through this  
I know that I can be the only thing that matters  
(Whoa)  
I'll never settle down, settle down  
(Whoa)  
Unless it is for you  
Unless it is for you  
Unless it is for you

And I wonder  
What you're doing while I wonder what you're doing  
now  
I can't turn around

Why don't you step a little closer, closer?  
And we'll show you how to make your heartbeat  
Why don't you dance a little closer, closer?  
And I'll spin you around  
Your heels will never touch the ground

I thought we went through this  
I know that I can be the only thing that matters  
(Whoa)  
I'll never settle down, settle down  
(Whoa)  
Unless it is for you  
Unless it is for you  
Unless it is for you

Into your eyes I'm falling even farther  
I don't think I can hold back any longer

Into your eyes I'm falling even farther  
The only thing that matters now  
The only thing that matters now  
The only thing that matters now is this could be perfect
