Down The Road A Piece

Will Bradley

If you wanna hear some Boogie, then I know the place

It's just an old piano and a knocked out bass

The drummer man's a guy they call eight beat Mac

You remember Doc and old Beat Me Daddy Slack

Mammy's sellin' chicken fried in bacon grease

Well come along with me boys it's just down the road a piece.

Now there's a place you really get your kicks

It's open every night about twelve to six

If you wanna hear some boogie then you'll get your fill

Puts the eight beat to you like an old steam mill

Come along with me boys 'fore they lose their lease

It's just down the road, down the road a piece.
