#### Ozone Stigmata

On another level  
about a thousand years ago-  
I tried to hold her  
and my heart won't let go.  
In countess variations  
just another two old souls.  
And this net... net... net...  
Don't let go the coat!

On a handbasket from Hell  
I hold the handle.  
Hand basket from Hell  
both sides of the candle.

Read her note yesterday  
the memory made me cry.  
I dreamt I got back to her  
over time and over miles.  
In this shaky kingdom  
My first light that was true..  
This light... light... light...  
I raise a lantern for you!

Handbasket from Hell,  
I tip the conductor.  
Handbasket from Hell  
I should have sued the doctor.

I can hear you calling  
from 10, 000 light years away.  
And I'd be there with you  
but I can't afford to stay.  
I remember every hour  
8 times a day...  
This night... night... night...  
The flames are cold and blue.

Handbasket from Hell  
all across Christmas.

Handbasket from Hell  
I wonder if they missed us...
