Baby get ready you don't want to miss
To see regret dance around my lips
I'm sorry for the things I've done to get you down

I've had a lot of things running through my mind
My heart agrees that I'm selfish and blind
I once was lost, but now I'm found

This town ain't much to look at
But I swear to you if you take me back
I'll drive you anywhere, anywhere you want to go
Time is at hand if it's what you need
Then I'll pray to God and I'll beg and plead
Because I can't spend another night alone
Come home

I once was blind but now I can see
The things in the past that you've done for me
This house sure is cold with you not around
I'm going crazy I'm staring at the wall
The lines are wide open baby give me a call
Don't let the bridge I burned fall down.

This town ain't much to look at
But I swear to you if you take me back
I'll drive you anywhere, anywhere you want to go
Time is at hand if it's what you need
Then I'll pray to God and I'll beg and plead
Because I can't spend another night alone
Come home
