I want to know exactly just why
You, me, and everybody learns how to lie
So quickly
Lickidy splitly
We're all the same kind
Standin' in a line

Why do we have to hear it
Why do we have to see it
Why do we have to speak it
Why do we have to do it

I don't know why
I think I know why

Me and a brother was talkin' to each other
'Bout what we've done in this life
We told our stories
Made 'em most glorious

We both knew that we had lied
Both knew, but we had to try
Both knew that we were friends
Both knew we'd do it again

Why
I think I know why
I don't know why

We lie
To make 'em feel good
We lie
To make 'em feel bad
We lie
To get what we want
We lie
To get rid of what we don't

Why
I don't know why
I think I know why I think I know why I don't know why
