Verse 1:

Just one kiss makes it perfect
girl you blow me away
loving you this is worth it
nothing more left to say
so i follow the leader
and let you take me away
and let you take me away

Pre-Chorus

even if the say is falling down
my feet won't touch the ground
i can feel you pull me in
i'll be standing on the edge of your created

Chorus

can we kiss can we touch
can we did lets feel love
can we dance thru the night
with your heart next to mine
catch your breath count to ten
close your eyes and fall in
cuz we walkin on it baby
and you're my gravity
when you're my gravity

Verse 2

they say it won't last forever
but forever's so far away
we don't care bout tomorrow
we just live for today
it's the little things that you do girl
it's gon be caught up on you
gon be caught up on you girl

Pre Chorus

even if the sky is falling down
a feet won't touch the ground
and i can feel you pull me in
i'll be standing on the edge of your end

Chorus

can we kiss can we touch
can we did lets feel love
can we dance thru the night
with your heart next to mine
catch your breath count to ten
close your eyes and fall in
cuz we walkin on it baby
and you're my gravity

Verse 3:

if i give you my heart
don't throw away the key
cuz i believe in us
and all that we can be
cuz baby i know
we never fall in the gravity
is up to me

Chorus

can we kiss can we touch
can we did lets feel love
can we dance thru the night
with your heart next to mine
catch your breath count to ten
close your eyes and fall in
cuz we walkin on it baby
and you're my gravity
when you're my gravity
when you're my gravity

catch your breath count to ten
close your eyes and fall in
cuz we walkin on it baby
and you're my gravity
