[Chorus]

I'm so glad that you came and found me
Don't have to cry cuz it's all right
I'm so glad that you came and found me
Anything you need, you know I'll be much obliged

The time has come to let you know
Just what I'm feeling
I'm feeling in my soul
I never wanted no, to fall so deep for you
But now you've got me completely in love
But if you wanna know

If you wanna now then I will have to show you
What I'm feeling in my heart
Never be afraid you can count on me
Cuz I'll protect you
I'll respect you
I'll always be around

[Chorus]

Please don't be alarmed by my hesitation
To notice your charm
I wasn't too optimistic about it at first
But now I'm so, so very glad

[Chorus]

People say that love can be unkind
It can tear your heart to pieces
And shake you up inside
But I don't worry about tomorrow
Cuz I believe in the power of love
Break it down

[Ad lib]

Thinking about you
Can't live without you

Anything that you need
Baby, you can count on me

[Repeat above until fade]
