So now you say dirty things that you regret
Try to breathe and relax and get over it
This I know
This I know

And now you look and you dig in a deep hole
And every word that you say is regrettable
This I know
This I know

But here I am, there you go
Time's been changing you more than you'd ever know
Here I am, there you go
I've been waiting for more than you'd ever know

You can pretend that you don't need a reason
For all the calls on the phone that would never end
This I know
This I know

So now you're cold and you're tired and raspy
You try to wave with the hand as you scratch me
This I know
This I know

But here I am, there you go
Time's been changing you more than you'd ever know
Here I am, letting go
I've been waiting for more than you'd ever know

Will I stay here
While you're not there
Bare with me please

Day after day
I'll get my way
Bare with me

So now you stare at the face and the photograph
You want to scream but you can't get a witness
This I love
This I love

But here I am, there you go
Time's been changing you more than you'd ever know
Here I am, I'll let you go
I've been waiting for more than, more than you know
But I know
But I know
More than you know
