I won't tell you my name  
I avoid all those things  
All together, I'm so high  
Well, I know it was dumb  
Staring right at the sun  
Stoned forever

Well, it won't be the first or the last time  
The world passes by

Hey, I'm a space boy, I don't wanna be found  
I'm a space boy, so stop holding me down  
And I'd love if I never returned to the ground

Well, can we still be friends  
Well, I guess that depends  
How's the weather from so high  
Well, I know it's a shame  
Why you cause all this strain  
All together

Well, it won't be the first or the last time  
I wanted to try

Hey, I'm a space boy, I don't wanna be found  
I'm a space boy, so stop holding me down  
And I'd love if I never returned to the ground

I'm a space boy, I don't wanna look down  
I'm a space boy, I've been floating around  
And I'd love, if I never returned to the ground  
I can see all the world going by

I'm a space boy, I don't wanna be found  
I'm a kill joy, so stop dragging me down  
And I'd love if I never returned to the ground
