Beautiful feather hovering overground
We're similar, we're both being pushed by the wind
Through the air to wherever

Haven't I seen you before?
Haven't you been here before?
As we both sit together, whatever

As the wind blows
It's so supernatural
It's so supernatural
Let it fly

Wonderful words lying in the grass
We're similar, we're both getting cut of again
Together whatever

As we both sway
It's so supernatural
It's so supernatural
Let it fly

We must stop meeting this way
We've both been living okay
'Cause we fell so far
From this tree again

And the sun is my best friend
And the earth opened up to me
We've been separate for so long
So long

It's so supernatural
Now every thing's beautiful
It's so supernatural
It's so supernatural
Let it fly

We fell far from this tree
For so long
We crawled out of this stream
For so long

What's become of you?
What's become of me?
It's okay, it's okay
It's part of everything

It's part of everything
It's part of everything
It's part of everything
It's part of everything
