I can see in your eyes that you're telling me lies  
did you think that your eyes would hide your lies  
can you see in my eyes that I'm done with your lies  
and I'm leaving your eyes and that's no lie x2  
I can see in your eyes that you're telling me lies  
can you see in my eyes that I'm done with your lies x2  
And I'm leaving today, didn't you think I would stay  
don't believe I would stay another day  
and I'm running away,  
I need to get away  
stop believe in that this and I'll stay  
leave the past behind I don't wanna be blind  
need to find a way to free my mind  
I just wanna to find someone that will be kind  
I just need a place that will be mine  
I can see in your eyes that you're telling me lies  
did you think that your eyes would hide your lies  
can you see in my eyes that I'm done with your lies  
and I'm leaving your eyes and that's no lie x2  
I can see in your eyes that you're telling me lies  
can you see in my eyes that I'm done with your lies x2  
And I'm leaving today, there's nothing more you can say  
there's no way I would stay another day  
and I'm walking away, I need to get away  
start living for a better day  
leave the past behind I don't wanna be blind  
need to find a way to free my mind  
I just hope that I'll find someone that will be kind  
I just need a place that will be mine  
I can see in your eyes that you're telling me lies  
did you think that your eyes would hide your lies  
can you see in my eyes that I'm done with your lies  
and I'm leaving your eyes and that's no lie x2  
I can see in your eyes that you're telling me lies

can you see in my eyes that I'm done with your lies x2
