I don't expect you to, I need you to  
Don't be so shy just come and hold me, hold me  
I don't expect you to, I want you to  
Don't be afraid just come and kiss me, kiss me

I want you to love me!  
Hold me say that you'll be there  
I want you to save me!  
Catch me if I should fall  
Say you'll be there...

I want you to kiss me!  
Touch me show me I'm the one  
I want you to trust me!  
Believe me, you're the one for me  
Just love me! (x6)

Rivers of tears I've cried  
A hundred thousand tears I've cried  
I swallowed my fears and tears  
And screamed away your thousand fears

I want you to love me!  
Hold me say that you'll be there  
I want you to save me!  
Catch me if I should fall  
Say you'll be there...

I want you to kiss me!  
Touch me show me I'm the one  
I want you to trust me!  
Believe me, you're the one for me  
Just love me! (x6)
