:(CHORUS)=:

Can't get enough of your thang (8x)

:(1st verse)=:

Its been a minute and two seconds

Since I had you naked and I'm feening like its nicotine

And I only wish that I could keep my cool

You got me pitiful and I want another piece of you

I'm lonely like in solitaire and I wish I had you here

And I'd push you down and climb on top of you

The more that you're away, the more I wish you'll stay

And I'm gonna have my way with you

:(BRIDGE)=:

And there is no way that I'll stop wanting you

Now tell me if its hard for you to give it up

Is it wrong for me to want your love

Is it crazy that I want you so bad

Like I do and there is no way that I'll stop loving you, I

:(CHORUS)=:

Can't get enough of your thang (8x)

Everybody says I'm crazy they say you got me open

Like a twenty-four hour liquor store

And never keep you baby runnin

You'll always keep me comin

And now I'm feening for some more

Come close to me baby be strong

Don't ever stop keep holding on

Everybody's got their ownway of livin

And I gotta be down with the way I'm feelin

:= (BRIDGE) =:

And there is no way that I'll stop wanting you

Now tell me if its hard for you to give it up

Is it wrong for me to want your love

Is it crazy that I want you so bad

Like I do and there is no way that I'll stop loving you, I

:= (CHORUS) =:

Can't get enough of your thang (8x)
