I fall apart when your around
When you're here, I'm nowhere
I can't pretend that I'm not down
I show it, I know it
I've been a fool - more than once, more than twice
I'm gonna move to a new town where the people are
nice

I hope I never, I hope I never have to sigh again
I hope I never, I hope I never have to cry again
I still want to beam and smile yah
Happiness is back in style yeah
I hope I never, I hope I never have to see you again
Again, oh oh oh oh

It should be possible I know
To see you without stress
But I can see I'll have to go
I'm changing my address
My urge to cry I have failed to conceal
Life - it's no fun when your hunted by the things that
you feel

I hope I never, I hope I never have to cry again
I hope I never, I hope I never have to sigh again
I'm for living while you can
I'm an optimistic man
I hope I never, I hope I never have to see you again
Again, oh oh oh oh...

I hope I never.. I hope I never..
I hope I never, never, never, never...

I hope I never..
I hope I never have to see you again
