I'm not a robot, passive and programmed,
I'm taking the law into my own hands
All things come to those who base their every action on
a proper strategy

I got a master plan, not taking any chances,
I got a master plan and I got me some answers

I learned my lesson, Fate will keep you waiting full of
doubt and drudgery

I got a master plan, not taking any chances oh no
I got a master plan and I got me some answers
I got a master plan, not taking any chances
I got a master plan and I got me some answers

I learned my lesson, Fate will keep you waiting full of
doubt and drudgery
No more hesitating, got a proper strategy

I got a master plan, not taking any chances
I got a master plan and I got me some answers
I got a master plan, not taking any chances
I got a master plan and I'm making advances

whoa-whoa-whoa got a master plan (x9?)
