Wander through the library  
Volumes of the deceased  
There's no happy endings  
History has been cruel  
Feel the blood of ages  
Flowing through my veins  
Still there is no reason  
I wonder what's coming

I hear voices  
Leading me on  
The wise and the strong

Wander through the forest  
Losing track of time  
Lessons in green and gold  
Been growing on for years

I hear Voices  
Leading me on  
Urging me on

I hear Voices  
Leading me on  
Urging me on  
The wise and the strong

The lost cat (E.Rayner) 5:40  
-===== Instrumental -=====
