This was not really meant to be  
but some things in the night were frightening me  
I hid behind a tree, hoped the things would go away

My friends got worried, they were waiting for me  
because we had to leave now - EMERGENCY  
I was still behind the tree  
and they just couldn't stay  
I'm all alone - E.T. phone home  
now I'm on my own - E.T. phone home

Please, I don't want to stay  
don't leave me here, take me away  
let me make one more call  
I saw my ship lift from the ground  
I heard shouting voices all around  
so I didn't make a sound  
and the things went away

So here I am and I don't know what to do  
should I try to contact someone like you?  
I'm all alone - E.T. phone home  
now I'm on my own - E.T. phone home

Please, I don't want to stay  
don't leave me here, take me away  
let me make one more call
