Earth, dancing 'round the fire  
Come, meet the western sky  
Life, walking on a wire  
Reach to know the reason why

At the end of the day  
You'll be lying in a suit of gray  
At the end of the day  
You'll be fine

They won't do you any favors  
(Till the slate is clean)  
You, you walk a lonely line  
Slide with punks and drunks and saviors  
(In the big machine)  
Down, you meet the rest of life

At the end of the day  
It's what you do, not what you say  
At the end of the day  
You'll be fine

At the end of the day  
It doesn't matter anyway  
At the end of the day  
You'll be fine, you'll be fine

Great wheel is broken, you've got no fortune left  
Out of the sunlight, out of the great un-dead  
And you can't even sleep at night  
And you literally curse each day  
You could give or give back your life anyway

Concrete and jungle  
They've stretched and hung you out  
You can't turn the clock back

It's too late to turn back now  
And you can't even hold your own  
And you feel like you're all alone  
And you never feel like you're home anywhere

At the end of the day  
There won't be anymore  
(So, turn the world around)

At the end of the day  
We'll know what this was for  
(As the sun keeps comin' down)

At the end of the day  
You won't feel any pain  
(As the sky begins to fall)

At the end of the day  
You'll be feeling right as rain  
(As the veil reveals it all)

Lightning calls you, it's time to go  
Something keeps telling you  
But you don't want to know

Feel your heart like a window open slow  
Say goodbye to the world that you know  
At the end of the road

It begins, it believes and it sees for all time  
She's coming down my way  
It is here, as it breathes and it sees for the blind  
She's holding me finally

You've been schooled  
Had aggression in large amounts  
Just be truthful  
It's everything that counts

There is no hand waiting that must be paid  
We will leave our encores all un-played  
At the end of the day

It begins, it believes and it sees for all time  
She's coming down my way  
It is here, as it breathes and it sees for the blind  
She's holding me finally

It begins, it believes and it blows me away  
It is here, as it breathes at the end of the day  
She's coming down my way

It begins, as it ends and it won't be unkind  
She's coming down my way  
It is here, as it breathes and it eases my mind  
Here it is finally

It begins, as it ends and it blows me away  
It is here, as it lives at the end of the day  
Here it is finally

Earth, dancing 'round the fire  
Come, breathe the breath of life  
Life walking on a wire  
Just let it all in tonight

At the end of the day  
It's what you do, not what you say  
At the end of the day  
You've got time

At the end of the day  
You'll be dreaming as you fly away  
At the end of the day  
You'll be fine, you'll be fine
