well i'm out  
on the edge  
yes i'm out on the.....  
EDGE  
put on your feet  
put on your face  
put these people in their place  
check your hat  
check your coat  
try to keep your checks afloat  
don't you crack  
'cause they might see  
that you're not what you're supposed to be  
keep on firing this hard wire wiring  
you can't win; you can't seem to break free  
i'm out on the edge one more time  
i'm out on the edge in my mind  
'tween a rock and a ledge - yeah i'm out  
out on the edge  
inside goes  
outside feels  
like a knife softly  
ripping the wheels of time  
you don't know my mind  
but i'm telling you - i'm telling you now  
you cannot hold me - you... you... YOU!

cannot hold me down  
'cause i feel like you  
every chance i get  
i just get high  
i'm out on the edge one more time  
i'm out on the edge in my mind  
'tween a rock and a ledge - yeah i'm out  
out on the edge  
and i can't see the bottom  
can't look down  
yeah  
well i'm out  
on the edge one more time  
reaching across the water  
for a drink of wine

the empty glass is fading  
the children are all waving  
and i'm out on the edge  
i'm out on the edge one more time  
i'm out on the edge in my mind  
'tween a rock and a ledge - yeah i'm out  
out on the edge  
i'm out on the edge one more time  
i'm out on the edge in my mind  
on the edge - i'm on the edge
