The rainy days have come again  
Feel like breakin' down  
Feel like breakin' down  
Memories of long lost friends  
Come and flood my head  
All the things we said  
Swords and knives and fork and spoons  
For the killing feast  
Alive or deceased  
Spinning round and round my room  
Feel like breakin' down  
Feel like slowin' down

Come now hold my hand  
Walk with me  
Talk with me  
Life's all good  
When I'm alone with you  
If I had just one wish  
Life remains just the same  
Don't change a thing for me  
All I can be  
All I can do  
Hope and faith  
Seal my fate  
With your kiss forever on my lips

I am home  
Not alone  
Take me home

Call me crazy call me mad  
But there is no choice  
I need to hear your voice  
Tellin' me things I don't want to hear  
Pushin' me back  
Back to a place that I fear  
Feel like breakin' down

Come now hold my hand  
Walk with me

Talk with me  
Life's all good  
When I'm alone with you  
If I had just one wish  
Life remains just the same  
Don't change a thing for me  
All I can be  
All I can do  
Hope and faith  
Seal my fate  
With your kiss forever on my lips

I am home  
Not alone  
Take me home

Solo

Just when I thought I knew everything  
Just when I thought I had it all goin' on

All brand new and redefined  
Don't need no help I'm feelin' fine  
Cut out all the junk and trash  
Streamline the bulk and stash

Hey! Hey! Hey! Hey! Hey!

Speak to me of times gone by  
Don't want your glib reply  
Can't believe I fell for you  
Give it back again  
And do what you do

Hey! Hey! Hey! Hey! Hey!

Come now hold my hand  
Walk with me  
Talk with me  
Life's all good  
When I'm alone with you  
Don't change a thing for me

Come now hold my hand  
Walk with me  
Talk with me  
Life's all good  
When I'm alone with you  
Don't change,  
Don't change,  
Don't change, a thing for me

Hope and faith  
Seal my fate  
With your kiss
