Hey okay it's just another day
24 useless hours
What difference does it make
If your heart ain't changed
Things will be okay
If you'll be mine
Hey okay on a different day
Just the two of us stranded
In our own spaces
If this love is fate
True love always waits
And I know
Hope you'll be
I hope you'll be
I hope you'll be mine
1,000 times that's my lover's promise
1,000 times that love is here to stay
True love always waits
And I know
Hope you'll be
I hope you'll be
I hope you'll be mine
In my dreams that's where I'll meet you
Reaching out to stars above you
Call my name I will come to you
I can send my message to you
Eternally soul-to-soul
Hey okay nothing takes your place
But the world gets colder
Feelings don't fade
But you're so far away
And I'm feelings don't fade
But you're so far away
And I'm praying for the day
1,000 times that's my lover's promise
1,000 times that love is here to stay
True love always waits
And I know I hope you'll be
I hope you'll be
I hope you'll be
I hope you'll be mine

Where has my lover gone
