Downtown never looked so lonely as it does tonight  
And like the wind that's blowing I long for home tonight

To tell the truth I've never felt so lonely as I do tonight  
but I'm alright  
I just keep thinking about the words I want to say to you  
Just to tell you how I feel

If I could write down what is written on my heart  
I'd give anything to hold you in my arms

To tell the truth I've never felt so lonely as I do tonight  
but I'm alright  
I just keep thinking about the words I want to say to you  
Just to tell you how I feel

4th street has never looked or felt so empty as it feels  
right now  
Not a soul, not a sound has risen from the street  
tonight, tonight  
To tell the truth I don't want to feel this lonely, this  
lonely ever again  
This emptiness has to end

To tell the truth I've never felt so lonely as I do tonight  
but I'm alright  
I just keep thinking about the words I want to say to you  
Just to tell you how I feel

Downtown never looked so lonely as it does tonight

To tell the truth I've never felt so lonely as I do tonight  
but I'm alright  
I just keep thinking about the words I want to say to you  
Just to tell you how I feel

Just to tell you how I feel  
Just to tell you how I feel
