I've been here before trying to put my
Feelings into words, it just doesn't work
Feels like I've been gone forever
It seems it's been so long
Since I heard your voice

I need you here with me
So much it's hard for me to breathe
I've been gone far too long
To face today alone

I try to think of another time
When I have felt this way
But nothing comes to mind
I feel I am a world away
There's so much distance between us

I need you here with me
So much it's hard for me to breathe
I've been gone far too long
To face today alone

I need your touch to see your smile
To sing to you, to hear your voice
To touch your hand, to make you laugh
To talk to you, to hold you close

I'm a world away
I'm a world away

I need you, you and me
So much it's hard for me to breathe
I've been gone far too long
I've been gone far too long
To face this world alone

I need you, you and me I need you
So much it's hard for me to breath
I've been gone far too long
I've been gone far too long
But I'm a world away
