(Verse)

I'd burn an empire
If I could hold you close
But I'm in exile alone

(Verse)

I had the world in my hands
So much, so much for them to hold
Now I'm in exile alone

(Pre-Chorus)

My heart is so low on the line
Look in my eyes
My heart is so low on the line

(Chorus)

I was wrong and finally I realised
We're looking through different eyes
I'd give the world just to hold you tonight
And finally I realised when looking into your eyes
You are much more so much more than you know
So much more than you know

(Verse)

I'll never understand
I held the world in my hands
Why would you trust me with your heart

Now I have no one left to go
My soul now has no hope
So I'm in exile alone

(Pre-Chorus)

My heart is so low on the line
Look in my eyes
My heart is so low on the line

(Chorus)

I was wrong and finally I realised
We're looking through different eyes
I'd give the world just to hold you tonight

And finally I realised when looking into your eyes
You are much more so much more than you know

(Bridge)

Look in my eyes
So much more than you know
Now I have no where left to go
My soul has now has no home
So I'm in exile alone
Now I have no where left to go
My soul has now has no home
So I'm in exile alone

(Chorus)

I was wrong and finally I realised
We're looking through different eyes
I'd give the world just to hold you tonight
And finally I realised when looking into your eyes
You are much more so much more than you know

(Outro)

I was wrong and finally I realised
I was wrong and finally I realised
I'd give the world just to hold you tonight
