I miss the way you held me to your heart  
The way you promised me forever  
Always promised me forever  
You're walking away from me

Can't you see what you do to me  
When you walk away from me  
All the things that you say to me  
How you never will believe  
There was a time you would speak to me  
When you needed something from me  
Now it's your turn

Your flesh seems stronger than your love for me  
Your flesh cries out only for a moment  
Can't you see what you do to me  
When you walk away from me  
You're walking away from me

Can't you see what you do to me  
When you walk away from me  
All the things that you say to me  
How you never will believe  
There was a time you would speak to me  
When you needed something from me  
Now it's your turn to crucify me

Can't you see what you do to me  
When you walk away from me

I would gladly give you my heart  
I would gladly give my life to you  
All your secrets are left behind you  
Forever lost and never remembered

Another chance is all that I long for  
Another chance to live my life for you  
Moving onward never looking back

I would gladly give you my heart  
I would gladly give my life to you  
All your secrets are left behind you

Forever lost and never remembered

Another chance is all that I long for  
Another chance to live my life for you  
Moving onward never looking back

Can't you see what you do to me  
When you walk away from me  
All the things that you say to me  
How you never will believe  
There was a time you would speak to me  
When you needed something from me  
Now it's your turn to crucify me
