Now I sit and stare into the burning sun
It all fades to black in this sanitarium
Now I don't care if tomorrow never comes
I've got some new friends in this sanitarium

Now my friends don't come to see me
And if they did, I wouldn't know who they are
I know they'd ask me exactly when I cracked
I've been lost so long, I aint never coming back

Now I sit and stare into the burning sun
It all fades to black in this sanitarium
Now I don't care if tomorrow never comes
I've got some new friends in this sanitarium

Now you might not think I'm crazy
And now I'm right where I belong
I've got to tell you that I made it home at last
I aint lost my mind, I've just given up on the past

Now I sit and stare into the setting sun
It all fades to black in this sanitarium

(repeat chorus)
