The first snow of the season came
On a Wednesday afternoon
Snow covered highway makes its so hard
To see the road I'm driving

Sometimes it seems impossible
To focus on anything other than you
Right now the world seems so silent
Because I'd rather think of you

You make me feel
Like I can do anything, everything

You are the wind in my sail, baby
You're everything I need
You're my love and understanding

6 a.m. 1.35
The sun rising from the horizon
Colors shoot across the sky
The road is silent

Oh, all of this that I wanted
To watch the snow fall down with you
The road is silent
Now I'm headed home to you

You make me feel
Like I can do anything, everything

You are the wind in my sail, baby
You're everything I need
You're my love and understanding

You are the wind in my sail, baby
You know that you are
You're everything I need
You're my love and understanding
Love and understanding

Girl, you make me feel
Like I can do anything

You make me feel
Like I can do anything

Make me feel, make me feel
Make me feel, make me feel

You are the wind in my sail, baby
You're everything I need
You're my love and understanding

You are the wind in my sail, baby
You know that you are
You're everything I need
You're my love and understanding
Love and understanding
Love and understanding
