It's been almost 11 years
And somehow you still reappear
I haven't heard your voice in 5
But my subconscious still thinks we're live
All those years it's been nearly 9
Since I held your hand in mine
We're on a hill above the sea
And you're saying you still love me
Love me
Tell me to walk away
And I'll leave today
Tell me oh tell me
To walk away
I dreamt you married the week you did
The next I dream you'll have a kid
I'll never love any the way I love you
Tell me were those words you said true?
I hadn't heard your voice in 5
But my subconscious still thinks we're live
All those years it's been nearly 9
Since I held your hand in mine
In mine
Tell me to walk away
Tell me to walk away
And I'll leave today
I feel the sparks between embers I thought died
Long ago, turned to dust, turned to smoke
I feel the heat returning
A coal left somewhere burning
Amongst the poke, oh oh what a joke
I feel the sparks between embers I thought died long ago
Turned to dust and turned to smoke
I feel the heat returning
A coal left somewhere burning
Amongst the poke, oh what a joke
What a joke
What a joke
Tell me to walk away
And I'll leave today
Tell me to walk away

Tell me to walk away
And Iâ€™ll leave today
Oh tell me, oh tell me to
Oh tell me to go, away
Away
Say what you, say what you
Couldnâ€™t say
