The doorknob smiles at me alone
But will I open the door again
I've seen this happening before
I've seen myself fall face first on the floor

Crash and burn
On the floor
And so I turn

So used to lying on the floor
And now I'm sinking
Unable to give anymore
And now I'm sinking

Forever envelops my days
Gasping for air as I look for an escape
I'm drowning in a letter made to stay
I took one look away

And so I turn
Crash and burn
On the floor
So I turn
Crash nd burn

So used to lying on the floor
And now I'm sinking
Unable to give anymore
And now I'm sinking

The strong's too weak to hurt the weak
Must be strong enough to leave
Can't function properly
I'm lying here
Lying here

Can you hear me talking
Can you see me there
I'm not getting anything from you
Can you hear my whispers
Can you see me there

Coz I'd be lost
I'd be lost without you
