Come with me to the land I love,
it's not right, down the street or up above,
it's down below in the deep blue sea,
where SpongeBob lives and the fun is always free..
Down, down, down to the bottom of the sea,
where our salty friend SpongeBob waits for you and
me.
Down, down, down, oh we'll have lots of fun.
You and me forever in the underwater sun.
We'll catch some jellyfish if we get a chance,
say hello to Patrick, and do a little dance,
karate-chop Sandy, see Squid get a tan,
eat a Krabby Patty and foil plankton's plan..
Down, down, down to the bottom of the sea,
Where we wait for SpongeBob and his snail Gary.
Down, down, down, oh we'll have lots of fun.
You and me forever in the underwater sun.
