"Employee of the Month"

Oh, I used to be just another ordinary guy
Five days a week, working my nine to five
But then I went that extra mile
I gave them service with a smile

That's me, that's me, employee of the month
That's me
(That's me)
That's me
(That's me)
Employee of the month

Although some might say that working hard's for fools
I've come all this way with just some simple rules
Keep your station clean and bright
The customer is always right

That's me, that's me, employee of the month
That's me
(That's me)
That's me
(That's me)
Employee of the month

(Well he worked so hard)
But I never once complained
(Yeah he worked so hard)
Now they put my picture in a frame

When you reach the top, that means you're the cream
We give it all we got, 'cause there ain't no I in "Team"
(Go team)
Mind your manners, don't be rude
A bright and cheery attitude

That's me, that's me, employee of the month
That's me
(That's me)
That's me
(That's me)
Employee of the month

(Well, he worked so hard)
Yeah but I never once complained
(Yeah, he worked so hard)
They put my picture in a frame
And underneath they spelled my name
(S P O N G E B O B)

If it weren't for me, this place would fall apart
It takes elbow grease and a great big bunch of heart
I broke my back, I gave my all
Now that's my face up on the wall

That's me, that's me, employee of the month
That's me,
(That's me)
That's me
(That's me)
Employee of the month

That's me
(Who's he?)
That's me
(That's me)
Employee of the month
Yup, that's me
